

Copyright and UWA unit content

Is it OK to download and share course material such as lectures, unit outlines, exam papers, articles and ebooks?

UWA is committed to providing easy access to learning material and many of your lectures are available for online access via the Lecture Capture System (LCS), accessible through the LMS. Your unit coordinator may make their lecture recordings available to download if they wish. You are allowed to access recorded lectures in the format they are supplied on the LCS – so if they are not made available to download, you must not use any software or devices to attempt to download them.

All recorded lectures and other course material, such as presentation slides, lecture and tutorial handouts, unit outlines and exam papers, are protected under the Copyright Act and remain the property of the University. You are not allowed to share these materials outside of the LMS – for example, by uploading them to study resource file sharing websites or emailing them to friends at other universities. Distributing course material outside of the LMS is a breach of the [University Policy on Academic Conduct](#) and students found to be sharing material on these sites will be penalised. University data, emails and software are also protected by copyright and should not be accessed, copied or destroyed without the permission of the copyright owner.

Other material accessible from the LMS or via the Library, such as ebooks and journal articles, are made available to you under licensing agreements that allow you to access them for personal educational use, but not to share with others.

Can I share my login details?

No! PHEME is your key to accessing a number of UWA's online services, including LMS, studentConnect, UWA email, your Library account, and Unifi. These services hold copyright material as well as your personal information, including your unit marks, enrolment information and contact details, so it is important that you do not share the access credentials with anyone else.
